

Summer Camp 2011

at Frank Lloyd Wright's
Unity Temple

for Children Grades 2-6

Register Today

presented by
UNITY TEMPLE
RESTORATION FOUNDATION

Printmaking Magic :: July 18-22 :: 9am-12pm

\$185 Early Bird (through June 1) / \$195 Regular (June 2-July 18)*
Printmaking is fun, surprising...and magical! With the colors, textures, and light of Frank Lloyd Wright's Unity Temple as inspiration, students will explore the magical methods of printing monotypes. Campers will be encouraged to "see differently," using their visual experience and a variety of techniques to produce multi-colored, one-of-a-kind works of art. At the end of the week, each student will take home a portfolio of prints. Instructor: Artist and printmaker David Jansheski (www.jansheskiarts.com). Levels: Beginners and intermediates are welcome. Space is limited and registration is required.

Art Glass, Nature & Wright :: July 25-29 :: 9am-12pm

\$165 Early Bird (through June 1) / \$175 Regular (June 2-July 25)*
Frank Lloyd Wright is nearly as famous for his art glass designs as he is for his architecture. Over 100 years ago, he designed simple and elegant art glass for Unity Temple. Campers will explore the art glass at Unity Temple and other Oak Park landmarks, learn how art glass is made, and take part in a hands-on restoration demonstration led by an art glass expert. With nature as inspiration, campers will create their own art glass window designs in translucent Mylar, and expand their knowledge of architecture, geometry, art and history. Level: Beginner. Instructor: Jessamyn Miller, M.S. in Historic Preservation, School of the Art Institute of Chicago. Space is limited and registration is required.

Prairie School Adventures is a series of fun, interactive, high-quality educational programs for children in Grades 2 through 6. With the architectural principles of Frank Lloyd Wright and Unity Temple as inspiration, Prairie School Adventures explores architecture's relationship to visual arts, geometry, history, social studies, science and technology. Programs integrate key concepts such as historic preservation and sustainable design, and create enriching experiences through hands-on art projects, dialogue between local architectural professionals and students, and site visits to significant local landmarks.

Unity Temple Restoration Foundation restores and preserves Frank Lloyd Wright's 1909 masterpiece of modern architecture, Unity Temple. UTRF also advances Unity Temple's global and contemporary significance with programming that embodies Wright's spirit of innovation and enriches the lives of those it serves.

*Receive a \$5 family discount for every sibling and/or relative registered.
